## CONSTRUCTION AND DEMOLITION PERMIT

**This document includes the following:**

**Section I: Construction and Demolition Recycling Requirements.....Page 2**

**Section II: Compliance Form.....Page 5**

*Compliance Form must be submitted within 60 calendar days after the final building inspection date along with receipts and proof of recycling from CR&R or a State Certified Disposal Facility.*

**Section III: Recycling and Waste Reduction Form.....Page 6**

*(Must be submitted prior to or concurrently with issuance of the Building Permit)*

# CITY OF ALISO VIEJO

## Section I

### Construction and Demolition Recycling Requirements

On March 1, 2017 and July 19, 2017, the City of Aliso Viejo adopted Ordinances No. 2017-184 and 2017-188 (Aliso Viejo Municipal Code Chapter 7.15). These ordinances require the recycling, reuse or diversion of at least 65% of all construction and/or demolition waste generated from all construction projects within the City. The goal of these Ordinances is to protect the health, safety and welfare of City residents and to meet the requirement of Assembly Bill 939 and 2016 California Green Building Standard Code which mandate that all cities divert 65% of all waste generated from landfill disposal.

Under the referenced Ordinances, compliance documents and a performance deposit are required to demonstrate the permit applicant's intent and ability to divert 65% of the waste generated by the project from landfill disposal through recycling and reuse of materials. The Ordinance further requires applicant to submit verification of the 65% diversion from landfills to the City at the completion of the project as a condition of returning the performance deposit.

#### **Types of projects covered by this Ordinance**

All construction and/or demolition projects are subject to the requirements of these Ordinances. Exemptions are granted for commercial projects that generate a total combined weight of construction and demolition waste, which do not exceed 2 pounds per square foot of the building area and residential projects that generate a total combined weight of construction and demolition waste disposed of in landfills, which do not exceed 3.4 pounds per square foot of the building area.

#### **Diversion Rate Requirement**

A diversion rate of 65% is required for all waste generated by each covered project.

#### **Permit Application Requirements**

As part of the building and/or demolition permit application, applicants for projects covered by the Ordinance must comply with the following requirements:

1. Applicants must complete and submit a Recycling and Waste Reduction form.
2. Applicants must submit a performance deposit or cash bond of a minimal amount of \$500, then fifty dollars per ton for each ton above 10 tons. Performance deposit or cash bond shall be returned, without interest, in total or in proportion, upon proof to the satisfaction of the City for no less than the required percentage of tons of construction or demolition debris generated by the project has been recycled, reused, or diverted. If a lesser percentage of tons than required are recycled, reused or diverted, a proportionate share of the deposit will be refunded. If there is a failure to comply with the requirements of this article, the refund will be forfeited.

*Note\*\*\*The use of a non-permitted hauler (i.e., any hauler other than the City's Exclusive Franchised Waste Hauler, CR&R Waste and Recycling Services, Inc.) to haul any waste from your project is subject to deposit forfeiture\*\*\**

### **Demonstrating compliance with the diversion requirements and obtaining release of the performance deposit**

The permit applicant shall complete and submit a Compliance Form (**Section II, Page 5**) describing the efforts used to meet the diversion requirements and quantifying diversion rates, within 60 calendar days from the final building inspection date. Receipts documenting the actual weight or volume of all materials recycled, reused, or disposed of from the project must be attached to the Compliance Form.

City staff will review the information. If the City determines that the documentation demonstrates full compliance with the Ordinance, the full performance deposit shall be returned. If the diversion requirements have not been met, the City will return a portion of the performance deposit equivalent to the extent to which the project has met the 65% diversion (e.g. if only half of the diversion goal has been reached; only half of the performance deposit will be returned). The balance of the performance deposit will be forfeited.

### **C & D Recycling Facilities**

For self-haulers, the City has provided information about C&D recycling facilities in the area. For a copy of the C&D Ordinance or questions about the ordinance or required City forms, please contact Public Works at (949) 425-2530.

## **Construction and Demolition Waste Hauling Information**

Effective December 2, 2008, *CR&R Waste and Recycling Inc.* entered into an **Exclusive Franchise Agreement** with the City of Aliso Viejo for the collection of Construction and/or Demolition (C&D) waste within the City of Aliso Viejo.

**Self-Haul:** Applicant may choose to self-haul C&D debris to any of the State approved recycling facilities listed on pages 5 and 6. Contractors may use their own vehicle to transfer waste to the disposal and recycling facilities. Applicant must check the self-haul option on the Preliminary Recycling and Waste Reduction Form (**Page 7**).

*Please note: Only CR&R dumpsters (Bins) are allowed to be used within the City of Aliso Viejo and No dumpsters are allowed on public streets.*

# Construction and Demolition Processing Facilities

Facility / Location	Material Accepted	Fee	Sorted	Mixed	Buyback	Receipt
<b>Adams Steel, Inc.</b> 3200 E. Frontera St. Anaheim (714) 630-6523	<i>Metal, rebar, beams, any scrap metal.</i>			✓	✓	✓
<b>Aguinaga Fertilizer Company</b> 7992 Irvine Boulevard, Irvine (949) 786-9558	<i>Green waste, wood, clean lumber, clean pallets, trees sized to 5 'x3'; wood chips.</i>	✓		✓		✓
<b>All Variety Metals, Inc.</b> 1016 Santiago, Santa Ana (714) 835-9235	<i>Metal, rebar, wood, Ferrous and non-ferrous metals, usable wood, occasional usable rebar.</i>		✓		✓	✓
<b>Amazon Environmental</b> 7048 Elmer A venue, Whittier (562) 789-9191	<i>Paint, latex and oil base paint only.</i>	✓	✓			✓
<b>Brea Green Recycling</b> 1952 Valencia Avenue, Bre (714) 529-0100	<i>Dirt, greenwaste, wood, clean dirt only, woody trees and shrubs, sod and clean lumber.</i>	✓		✓		✓
<b>Consolidated Volume Transporter</b> 1131 Blue Gum, Anaheim (714) 238-3300	<i>Asphalt, brick, carpet, concrete, dirt, drywall, flooring, glass, greenwaste, metal, plastic, rebar, wood, additional charge for tires and refrigerators, no liquid or hazardous waste.</i>	✓	✓			✓
<b>CR Transfer</b> 11232 Knott Avenue, Stanton (714) 891-2776	<i>Asphalt, brick, carpet, concrete, dirt, drywall, flooring, glass, greenwaste, metal, plastic, rebar, wood, no liquid or hazardous waste.</i>	✓		✓		✓
<b>Dan Copp Crushing Corp.</b> 1120 N. Richfield Road, Anaheim (714) 777-6400	<i>Asphalt, concrete, rebar, clean concrete, asphalt, rebar, and mesh, mesh and rebar have to be sized.</i>	✓		✓		✓
<b>DuPont Carpet Reclamation/Recycle</b> 1355 S. Acacia Avenue, Fullerton (714) 518-1088	<i>Carpet, flooring, wood, adhesives + VCT + rubber base DuPont Antron Carpet.</i>	✓	✓			✓
<b>El Toro Materials Company</b> Rocky Road at Portola Pkwy., Lake Forest (949) 458-7993	<i>Asphalt, brick, concrete, broken concrete w/rebar ok, roofing tiles, floor tiles, concrete and asphalt.</i>	✓		✓		✓
<b>Ewles Materials</b> 32501 Ortega Highway, San Juan Capistrano (949) 728-0436	<i>Asphalt, and concrete, clean concrete and asphalt.</i>	✓		✓		✓
<b>Ewles Materials</b> 8182 Katella Avenue, Stanton (714) 894-0032	<i>Asphalt, and concrete, clean concrete and asphalt.</i>	✓		✓		✓
<b>Greenstone Materials</b> 31245 Ortega Highway, San Juan Capistrano (949) 728-0500	<i>Clean asphalt, and concrete, and some rock.</i>	✓		✓		✓
<b>Hanson Aggregates</b> California South of Spring, Long Beach (800) 300-6120	<i>Asphalt, and concrete, clean concrete and asphalt.</i>	✓		✓		✓
<b>Hanson Aggregates</b> 6956 Cherry, Long Beac (800) 300-6120	<i>Asphalt, and concrete, clean concrete and asphalt.</i>	✓		✓		✓
